Mutinies in Macedonia Make Perilous Situation.

Constitutional Grant Apt to Bring on War.

Young Turks Force Restoration of Liberties.

BY DIRECT WIRE TO THE TIMES.

VIENNA, July 24.—Marshal Osman Veli Pasha, the new commander of the vilayet of Monastir, has been seized and carried off by a band of men belonging to the Young Turk party, according to a telegram received here today from Montenegro.

Nizam Bey, leader of the Young Turks at Skopje, yesterday, at the head of 1000 followers, forced his way into Monastir, raided Osman's quarters and carried away the marshal without bloodshed.

VIENNA, July 24.—(Exclusive Dispatch.) The whole military and diplomatic world is excited by the rising of the "Young Turkey" organization in Macedonia, which is expected to create an entirely new and perilous situation.

The mutineers may hold out as the Anatolian troops sent against them cannot be relied upon.

It is feared that the Sultan, by yielding to the demand of the Young Turks for a constitutional government, will get a chance to resist the reforms proposed by England and Russia until a Turkish Parliament can be created, and that meanwhile the situation in Macedonia will bring about a general war in the Balkan peninsula.

It is reported here that the towns of Uskub and Salonika are in the hands of the Young Turks.

ENTIRE GARRISON IN MUTINY. (ASSOCIATED PRESS NIGHT REPORT.)

HELGRADE (Serbia) July 24.—The entire garrison at Uskub is reported to have mutinied and Albanians are said to be marching upon the city, although there is nothing to show whether they propose joining the mutiny or attempting to quell it.

Twenty-four officers, three from the European vilayets of Macedonia declare that the Young Turks are complete masters of the situation. All the Turkish authorities have surrendered themselves in their hands.

The publication at Bitola, European Turkey, by the Sultan's proclamation granting a constitution was hailed by a salute of twenty-one guns from the fort. There is great rejoicing everywhere.

CONSTITUTION RESTORED.

ASSOCIATED PRESS NIGHT REPORT. MONASTIR, July 24.—An imperial edict restoring to Macedonia its constitution of 1878 was read in this city publicly this morning in the presence of the civil and military authorities and before an immense crowd. Great enthusiasm prevailed.

Defection of Albanian Regiments, Upon Whom Ruler Thought He Could Depend Under All Circumstances, Immediate Cause of Surprise to People.

(ASSOCIATED PRESS DAY REPORT.)

CONSTANTINOPLE, July 24.—An imperial edict issued this morning ordains the assembling of a chamber of deputies in accordance with a constitution which has been elaborated by the Sultan. The edict has been communicated to the vials and the district lieutenant-governors, with the necessary orders for holding elections. The elections which the edict now makes in order are practically the ones worked out in 1876.

The grand vizier immediately took steps to carry out the orders of his imperial master. According to all the official authorities concerned a circular telegram containing the chamber of deputies. He pointed out that the method of forming the chamber is determined by an organic statute, which, according to the official communication, is an "illustrious institution of antiquity."

Starting as was the sudden dismissal of Said Pasha from the grand viziership and the appointment of Said Pasha in his place, the step was nothing compared to the sensation created in the army by the news of the official announcement that the Sultan had decided to convocate a parliament. It was felt that, in view of the general revolt in the army, unprecedented in the history of the Turkish empire, some change was inevitable, and that the recent movements of reform in the central government were bound to be inaugurated. But the drastic action of the Sultan, who took the reins into his own hands and by a stroke of the pen suddenly yielded to the demands of the Turks, started a revolution in the army, unprecedented in the history of the Turkish empire, some change was inevitable, and that the recent movements of reform in the central government were bound to be inaugurated. DESPOT DISILLUSIONED.

The immediate cause of the Sultan's raising the white flag was the receipt of a telegram addressed to him from the Albanians of Dalmatia informing that they had taken the oath to favor the re-establishment of the constitution. This message landed like a thunderbolt at the Yildizkiosk. The Sultan had been under the impression that he could depend upon the Albanians for all support. Said Pasha, who is an Albanian, had fostered this conceit. When the facts be-

Mr. Hadfield was honored by the King on his "official" birthday, and his wife, therefore, is now Lady Hadfield. Twenty-four others were knighted, and four peers, ten Privy Councillors and eleven baronets were created.

STRIKE DELAYS SHIPPING.

(BY DIRECT WIRE TO THE TIMES.)

SEATTLE, July 24.—(Exclusive Dispatch.) The effect of the longshoremen's strike is noticeable along the water front although stevedoring companies claim they have all the men they want and there has been no violence.

Every ship leaving today with freight was delayed several hours. The Farolito for Skagway did not clear till late this evening and the same is true of the Santa Clara. Longshoremen claim the latter did not take a full crew.

It is true ships are loading, but with green hands, and the work progresses slowly.

A conference was held this morning between representatives of the union and the executive Committee of Ship Owners' Association, which was named to conduct the independent employment bureau which they will establish, but nothing was accomplished.

POLITICAL
TAFT SEES NEW YORK LEADERS.

Candidate Spends Busy Day in Metropolis.

Continuous Reception at the Hotel Apartments.

Lady Artist Takes Measurement for Portrait.

[ASSOCIATED PRESS NIGHT REPORT.]
NEW YORK, July 24.—The Republican leaders of the city were fully alive to their opportunity, today to make the personal acquaintance of the candidate for the Presidency, and when William H. Taft leaned back in his Pullman seat in the platform to begin his journey to Cincinnati, he had shaken the hand of practically every district leader in Greater New York, a number of State leaders, and had conversed with politicians of varying degrees of prominence to the number of several hundred.

"It has been a day of acquaintance making," was Mr. Taft's comment after the impromptu reception was over. "There is no political significance to be attached to any of the interviews I have had. It is a little too early for me to get reports of the situation in the state, but from what has been told me by the men I have seen, satisfaction seems to be the prevailing state of mind."

So far as Mr. Taft now intends, this will be his last visit to the city until after election. He will reach Cincinnati tomorrow shortly after noon. After the notification ceremonies Tuesday, it is his purpose to return to Hot Springs at the earliest possible moment.

Mr. Taft spent the greater part of the night going over the proof of his nomination speech. He was up early and kept a breakfast engagement with his wife, Mrs. W. H. Taft, and his wife, at the Plaza. He was called on here by Paul Morton, and Judge and Mrs. Jackson, long-time personal friends.

When the candidate reached his apartments at the Hotel Manhattan he found a delegation awaiting him, and the callers came throughout the day without cessation.

Henry W. Taft assisted the candidate in receiving the guests for some time.

The last caller was a lady artist who took measurements of Mr. Taft's head for a portrait. The candidate declared at the end of the rush that he had really enjoyed the day and regarded it as having been most profitably spent.

Judge Taft would make no comment on the statement of President Roosevelt on the Standard Oil court proceedings.

"We hereby indorse the administration of the Republican party. It is the one party that has never closed the door of hope in the face of the black race."

"We congratulate the party on securing for its standard a leader that matched and fearlessly leads, William H. Taft of Ohio. He is a man of broad and liberal views, and if elected to the high office of President of the United States, we believe he has within him the qualifications to make the greatest executive the country has ever had."

Mrs. W. H. Fisher, Who Disappeared from Baltimore Suddenly, Was at Farm House and Returned on Same Boat in Hysterical Condition.

[BY DIRECT WIRE TO THE TIMES.]

BALTIMORE (Md.) July 24.—[Exclusive Dispatch.] It was learned yesterday that Mrs. H. H. Fisher, the wife of a prominent broker, was with young William R. Rayner when his father, Senator Rayner, found him in a farmhouse near Norfolk yesterday. Mrs. Fisher disappeared from Baltimore at the same time young Rayner did and her husband has now pending a suit for divorce against her. Mr. Rayner and Mrs. Fisher have apparently lived at a pretty gay pace since they left Baltimore in March last. It is estimated that they spent about \$15,000 the bills having been sent to the broker. They have one bill for \$100 for performers, and several for lingerie and other ladies' wear.

Despite the Senator's wishes to the contrary, Mrs. Fisher took the same steamer to Baltimore, and was found during the night just outside the Senator's stateroom, apparently on the verge of leaping overboard. She was pulled into the Senator's stateroom, and the physician and nurses, whom the Senator had brought to attend his son, administered remedies to the hysterical woman.

After carrying \$1,500 worth of jewelry in his pocket all day, J. B. Bird of No. 27½ South Figueroa street, returned home last night, only to have it stolen. The thief took place while he was taking care of his horse and did not discover it until an hour later. He reported it to the police. The jewelry consisted of two diamond rings, a set of diamond earrings, a necklace, old-fashioned gold brooch and a watch and chain.

When Bird and his wife left home yesterday morning for a day's outing they decided to take their jewelry with them, fearing that burglars might break into the house during their absence. Accordingly, J. B. Bird wrapped it up in a new package and gave it to his husband, who placed it in his pocket, and they went out into the country for an all day's drive.

They returned home about 5 o'clock in the afternoon. Bird carelessly hung his coat on the back porch while he went out to the stable. Mrs. Bird was in the kitchen, preparing supper, when a man stepped up on the porch and asked if she had any clothes to sell. She said she had not. He asked her about some bags and some sacks lying in a heap at the side of the house.

"Take them along," she said, and the fellow departed.

Afterward, J. B. Bird remembered that he had left his coat on the back porch. When he went out to get it, he found that it had been stolen and the jewelry with it.

Bird suspects that the rag man took it. The thief was unable to give a good description of the man, for she only caught a glimpse of him as he came up on the porch.

The jewelry had been in the family for a number of years and is valued especially for its associations.

Criticism of Court of Appeals is held by Financiers to Be Directly Responsible for Break in Stock Market—Bankers Question Propriety of Public Proclamation.

IN DIRECT WIRE TO THE TIMES:

NEW YORK, July 24.—[Exclusive Dispatch.] President Roosevelt's statement, in which he embodied what amounted to a severe criticism of the United States Circuit Court of Appeals for its reversal of Judge Landis's decision, was held to be directly responsible for a break in the stock market today extending to about three points in the more prominent railroad shares. Union Pacific, Reading and St. Paul, the recent leaders, fell sharply, and weakness was communicated to the entire list.

In the financial district the President came in for sharp criticism on account of the statement, which was taken as tantamount to impugning the integrity of the courts. While leading banking and corporation interests were unwilling to discuss the matter for publication, privately they expressed very bitter feeling at what they termed the

*Desperate and Pitiful Struggle of
Runners at Finish Turns Sentiment.
Italian Runner Almost Dies—Amer-
ican Hayes Is Winner.*

ASSOCIATED PRESS NIGHT REPORT.

MONDAY, July 24.—It is a question whether public opinion will ever forget another Marathon race here. The Italian, Dorando, continued when he finished and the condition of many of the contestants after his finish led people to think it is worse than prize fighting or gambling. Dorando collapsed on the track and had to be carried to the tape. Later he became very ill and the report was that he had died, but a corps of physicians are slowly bringing him back to life and reason. Others runners also suffered collapse. Tewinina finished first but was disqualified, as he was helped on the tape in a delirious condition. The race was awarded to Hayes, an American, in 2h. 56m. 16s., Heffron of South Africa, 2h. 56m. 46s., and Joseph Forshaw of America third, 2h. 56m. 48s. Others who finished close up were:

Wilson, 2h. 56m. 49 1/2s.; Wood, Canada, 2h. 1m. 44s.; Simpson, 2h. 56m. 50 1/2s.; Lawson, Canada, 2h. 6m. 47 1/2s.; Stanhope, 2h. 7m. 50 1/2s.; Tewinina, 2h. 9m. 15s.

TUESDAY, July 25.—The Marathon race of the Olympic games was today by John F. Hayes, an American runner. It is an exaggeration in the minds of the 100,000 spectators watching the struggle of the Olympic arena today, that it was the most thrilling race that has occurred since the famous race in ancient Greece, when every man is in with his work, where the "man" doesn't lead it over men, but says, "Come on, let us make 1908 the most glorious year of our business," where the whole force of the delivery boy up group idea and each fellow means the difference in the other department. Good, it's pretty. You're a Silverwood, are you, are you not? If not, you are clearing all our brains of ours at \$12.50.

pulled out and passed Simpson, the Canadian Indian, Tewinina doing the same. We ran fast, too fast in fact, with a view to taking the heat out of the Canadian, and if it had not been for the spirit of belief I could have overtaken Heffron and won second place.

"We followed the plan adopted at previous Marathon races, eating a small meal of steak, following this with two raw eggs, and a cold slice of toast. On the way we took nothing but water.

OTHER EVENTS.

In the final for the pole vault, A. C. Gilbert, Yale University, and E. T. Cooke, Cornell, tied for first and second places, with 13 feet 3 inches. Clark K. Cooksey, University of Chicago, notwithstanding, stood as the American record holder in the United Kingdom, tied for third with 11 feet 9 inches.

The final in the high diving competition resulted as follows: Johnson, New York, first with 82 points; Malmstrom, Sweden, second, with 78.5 points; Stanberg, Sweden, third, with 74 points; Anderson, Sweden, fourth, with 68.5 points, and George W. Gaidis, Chicago, A. A., fifth, with 68.5 points.

The catch-as-catch-can wrestling lightweight to 147 pounds was won by Relwykow, United Kingdom.

DEPARTMENT STORE CLERK.

NEW YORK, July 24.—Hayes, the winner of the Marathon race today, is 21 years old, and is employed in a New York department store. He is not new to the sport, however, having run the twenty-five-mile Boston race last year in Boston last year. In that contest, as today, he ran a strong race from start to finish, and was in good condition at the end of the long journey.

**GIDDEN PRIZE
GIFT TO PIERCE.**PEERLESS, AFTER PROTEST, RE-
FUSES TO RUN OFF TIE.

Oldsmobile and Haynes Cars of Chicago Motor Club Draw Out of Contest Leaving Pierce Trio Alone. Will Run to Buffalo in the Rain. Roadsters Tie for Howe Trophy.

BY DIRECT WIRE TO THE TIMES.

SACRUSY (N. Y.) July 24.—Exclusive Dispatch. J. No protest was paid to the protest of the Peerless Gidden team relative to the penalty placed on a Pierce car yesterday, and this morning the Peerless car failed to line up at the starting point at Saratoga for the run off of the Oldsmobile and Haynes car of the Chicago Motor Club team, likewise failed to appear, and the Gidden team was declared to be a gift to the Atlanta team of Pierce cars.

Chicago's racing showing in the tour made it possible for a new Gidden tour next year, and announcement is made that Chicago will be the starting point. The tour will go as far West as Denver and perhaps near the mountains. The two Pierce, two Oldsmobiles and one Premier in the Howe roadster team, which had pored simulations down his throat, was dragged to his feet and finally ran across the line with the final race, another to Phillipsburg, New Jersey, to Buffalo in perfect scores.

Stimulants were administered to the Italian, and as he tottered along the turn, and dropped to the ground, immediately a crowd of track officials and attendants crowded around him. It was evident that the man with un-dammed courage, had run his heart to the very limit of endurance. None expected to see him rise, for haggard and exhausted as he was, he had fallen like a good soldier, when the last bit of vitality was exhausted.

According to the rules of the race, physicians should have taken him, but the track officials, who had been to the stadium to see the race, not only did not call for a doctor, but even when the Italian fell, did not separate him from the others, and then they separated him from the others, and another holding him by the arm.

His part in the race for all practical purposes was ended when he entered the stadium, for unless he received assistance he could not have finished.

ATHLETIC SCENES.

While this pathetic scene was being enacted, the American, Hayes, entered the stadium comparatively fresh and trotted around. He came in less than a minute behind Dorando, but in the excitement of the moment failed to see even from his own countrymen the recognition he deserved.

The American, Hayes, was sent to Italy to their congratulations on Dorando's magnificent fight for victory.

Beginning tonight.

Thomas and Francis Murphy, Jr., will open a series of temperance meetings at First and Main streets, conducting them from a carriage. The former will speak and the latter will sing. They expect to continue the meetings for a week. Their father, William Murphy, is at present spending a vacation in the East.

Sayes Not So Bad.

The Wel Lung Association of Chinatown asserts that conditions in that quarter are not so bad as represented by the press. Its members believe the morality of the denizens will compare favorably with that of white men, and that the police themselves are not beyond reproach. A report that Chinese gamblers and their officers of the Chinatown squad is declared by the association to be a fabrication.

Good Women Called.

Mrs. James Goedel, mother of Rev. Lewis J. Adams, associate pastor of Immanuel Presbyterian Church, died yesterday at the residence of her son on West Thirtieth street, with whom she has made her home for many years. The funeral will be held in Immanuel Church on Monday at 3 o'clock p.m. The interment will be in Laurel Park Cemetery. Mrs. Goedel was well known and much beloved by all who knew her. She was aged 85 years.

Drinks Poison by Mistake.

Report was made to the police yesterday that Mrs. Collier, wife of Dr. F. M. Collier, doctor, took a dose of poison at her residence on Aragon and 10th streets. The ambulance was called for, but meanwhile Dr. Collier had summoned another physician. Police Surgeon Quinton said to the reporter after considerable work the unfortunate woman was restored to consciousness, and it is thought she will recover. By mistake she picked up a bottle filled with a dangerous solution for the destruction of insects, and drank part of its contents.

Game-Fish Office Here.

The State Game and Fish Commission will open a branch office in this city Monday or Tuesday in room 401-2 Wright and Callender building, Fourth and Hill streets. The new commissioners, Mr. T. C. Moore and Mr. W. E. Moore, have their office there, as will also H. L. Pritchard, deputy State Commissioner, and W. B. Morgan, county game warden. A clerk will always be in attendance to answer questions concerning game and fish, and all kinds of literature touching these branches of sport will be on file and available to the public.

Holy Rollers in Trouble.

"A lot of people calling themselves 'Holy Rollers' have succeeded in rolling themselves into disfavor of people living in the neighborhood of No. 2815 West Temple street. They have been holding night pestiferous meetings there until the complaint began to be long and loud against them, and yesterday warrants were issued for the arrest of the leaders on the charge of disturbing the peace. Those for whom warrants were issued by Justice Rose, and who will likely be arrested today, are R. A. Garrison, P. W. Sykes and Mrs. Althea Taylor. The habits of the place are said by Patrolman Wright to be both white and black.

Tell the Police When You Go.

"An organized gang of house thieves in town," said the Chief of Police yesterday, "and householders can help the department break them up by letting the heads of unoccupied residences know they go away for the summer should inform the department. It would be doing us a special favor and the patrolman in the beat could keep a watchful eye open, making more a specialty of burglarizing houses that are temporarily unoccupied, while families are away. It is not enough to leave caretaker in charge. This officer should keep a list of unoccupied residences, at all times. By neglecting this precaution, owners are taking unnecessary risks."

INEBRIATE LAW STANDS.

Statute Passed to Care for Drunks from License Revenue Declared Constitutional.

[ASSOCIATED PRESS DAY REPORT.]

ST. PAUL, July 24.—The Inebriate Hospital law, passed in 1907, is constitutional, according to a decision filed today by the Supreme Court. The law provides that 2 per cent of the gross proceeds of all liquor licenses held by municipalities shall be paid into the State treasury, to be held as a fund for the establishment and maintenance of a hospital for inebriates.

RAILROAD RECORD.

RAILROADS TRY TO TURN TABLE.

Interstate Commerce Commission Made Defendant.

Alleged That Rate on Fir Timber Is Excessive.

Oregon Points to San Francisco in Question.

[ASSOCIATED PRESS NIGHT REPORT.]

SAN FRANCISCO, July 24.—A suit was filed today in the United States Circuit Court on behalf of the Southern Pacific Railroad Company, and the Oregon & California Railroad Company, against the Interstate Commerce Commission, alleging that the Constitution of the United States was violated in a ruling fixing what is held to be an excessive rate on shipments of green fir lumber and laths from Oregon points to San Francisco and vice versa.

Judge Morrow issued an order to show cause returnable August 1. In April, 1907, the Southern Pacific put into effect a tariff, known as "Local 47." The rate of \$5 per ton was fixed on rough green fir lumber from the Willamette Valley to San Francisco and vicinity. In November, 1907, the Western Oregon Manufacturers' Association filed a complaint with the Interstate Commerce Commission against the railroad company, to the effect that the rate on lumber was excessive. On June 1, 1908, the commission directed the railroad to restrain the railroad company from enforcing the rate, and announcing that for the next two years, there should be rates of \$3.40 and \$3.60 per ton, according to the point from which shipment is made.

The railroads allege the Hepburn bill and other interstate commerce laws are unconstitutional, in that they confer powers legislative, executive and judicial; that they are being used to bring about what is not in the public interest.

It is held that the original rate of \$3.10 per ton was fixed to foster the lumber industry in the Willamette valley, and compete with water shipments.

An order to show cause is sought and also a permanent injunction at the termination of the suit.

LOCAL RAILROADS.

NO TRANSFER CONCESSIONS.

LEASE OF INTER-URBAN DOES NOT AFFECT THIS.

Accounting Department Only Ones That Are Much Changed by the Action—Southern Pacific Raises Telegraphers' Pay—P. E. Takes Express from Steam Lines.

No move has been made to extend transfers between the Pacific Electric and the Los Angeles Interurban city cars, the result of the former company's lease of the latter. There is very little chance of any such thing being done; in fact, it is stated officially that it will not be. The lease has not affected the operating department in the slightest, the only change being that green cars are being painted red, as the opportunity offers to send them to the shops. Transfers will be exactly as now.

The chief change to date is in book-keeping and accounting. Pacific Electric red cars have long been used on interurban lines, such as the Glendale and San Pedro routes, almost to the exclusion of the green coaches, and sometimes on city lines. Green cars, on the other hand, are often run on P. E. tracks.

The employees have always been kept separate, and have worn the initials of their respective companies on their coats collar.

Telegraphers Get More Pay.

The Southern Pacific telegraphers have received a 7½ per cent addition to their pay to date from February last, with the reduction to half-time on Saturday, over that being paid extra at an enhanced rate.

Also, all agents who have operators under them, except at such places as San Francisco, Los Angeles, and Sacramento, where the agent is really an individual, will receive a 25¢ increase.

The old minimum pay was about \$62 a month, but in such few cases the in-

cumbent generally received a com-

mission from Wells, Fargo & Co., which made his compensation much larger. The raise is based upon the old scale.

P. E. Moves Much Oil.

The Pacific Electric has now twenty tank cars of the steam railway pattern of 150 barrels' capacity, and is doing a good business during the winter months in all parts of the country. Although there are no wells on its lines it carries much local traffic, especially for the county roads. It frequently can reach other places untouched by the steam lines.

Trolley Express Business.

The Pacific Electric is not only carrying local express, but is also used extensively for a part of the through business to and from points where steam trains still run. Perishable goods especially are often turned over to the trolley on arrival here from the interior to be taken at once to suburban points or to stations where the trolley car quickly discharges travelers at Sixth and Main, then makes a quick run to the Arcadia, where goods are turned over to the express.

The Pacific Electric car runs right to the depot via the Sixth-street broad-gauge, loads and delivers at beach and an hour later is back again having dined with goods sent from the beach to all parts of the country.

The combination passenger and express car quickly discharges travelers at Sixth and Main, then makes a quick run to the Arcadia, where goods are turned over to the express.

Santa Fe's Kansas Hotel Opens.

The Santa Fe has sent out a circular announcing the opening of its new hotel, the Sequoyah (named for a Cherokee chief at Syracuse, Kan.), which is under management. The hotel has sixteen rooms, dining accommodations for seventy-five people, with all modern improvements, the

edifice being of reinforced concrete in the old Mission style adapted to modern conditions.

ELECTRIC ROAD PROSPEROUS.

BIG GAIN FOR YEAR.

[ASSOCIATED PRESS DAY REPORT.]

SACRAMENTO, July 24.—Today the Northern Electric Railway Company filed its second annual report with the State board of equalization. It shows that the suburban railway has on hand revenue from its operations amounting to \$21,987.44.

When it is considered that the road was unable, a year ago, to pay its state taxes, when the latter fell due, the full year this year is considered excellent. The company filed the following statement:

Length of system in State, 108.9 miles; value entire roadway, roadbed, and rails, \$300,000; gross earnings from operations, \$37,741.74; total operating expenses, \$20,444.80; net income from operation, \$10,234.94; interest on funded debt, \$85,237.50; surplus, \$21,987.44.

The statements submitted today show one deficit as follows:

Ocean Beach Railway: Length of system in State, 23.8 miles; value of entire roadway, roadbed and rails in State, not given; system not yet in operation.

The Tompah and Tidewater rail-road:

Length of system in State, 148.9 miles; value of roadway, roadbed and rails, \$657,100; gross earnings from operations, \$100,000; total operating expenses, \$151,892.75; net income from operation, \$20,572.94; miscellaneous income less expenses, \$8,889.14; total net income, \$30,452.08; interest on funded debt accrued on month only, \$12,500; deficit, \$14,582.81.

Vallejo, Benicia and Napa Valley Railroad: Length of system in State, 16.58 miles; value of roadway, roadbed and rails, \$33,675; gross earnings from operations, \$9,071.74; total operating expenses, \$9,071.74; net income from operation, \$1,000; interest on funded debt accrued, \$2,000; interest on month only, \$1,000.

The Western Pacific: Length of system in State, 148.9 miles; value of roadway, roadbed and rails, \$657,100; gross earnings from operations, \$100,000; total operating expenses, \$151,892.75; net income from operation, \$20,572.94; miscellaneous income less expenses, \$8,889.14; total net income, \$30,452.08; interest on funded debt accrued on month only, \$12,500; deficit, \$14,582.81.

THE PUBLIC SERVICE.

SUMMARY OF THE DAY.

More than 300 new places are asked for by the city departments in their estimates for the fiscal year; strong political opposition has developed to the plan of taking a part of the current revenue money this year for permanent improvements.

Attorneys representing the big public utility companies asked the Council for assessment reductions yesterday totaling \$4,000,000.

Judge James in forty minutes yesterday granted divorce decrees to Mrs. Florence Babbitt from Charles E. Scott; to Mrs. Agnes E. Leal from F. M. Scott, and to Mrs. Catherine Pitts from N. J. Pitts.

The women testified that their domestic difficulties were due to the intemperance of their husbands.

Judge Wilbur yesterday committed to the Home of the Guardian Angel the three children of C. C. Conley or Huntington Park, who was adjudged an unfit person to care for them.

James H. Williams of Long Beach was tried by Justice Seiph yesterday on a charge of obtaining money by false pretenses from Mrs. J. E. Armstrong in a real estate deal.

AT THE CITY HALL

CONTEST OVER

CITY'S BUDGET.

FOUR HUNDRED NEW PLACES IN FISCAL ESTIMATES.

"Business Men's" Administration Strikes Political Quagmire—Strong Opposition to Taking Any Money This Year for Permanent Improvements—Council Divided on Subject.

Vacation season at the City Hall has been suspended until the Council makes the budget, and fixes the tax rate for the new fiscal year. Each session of the Board of Equalization is now attended by nine Councilmen. Mayor Harper has wired from Chicago that he is starting home and will be here next week to take part in the session. The preliminary skirmishes have already commenced; the question at issue is how much of this year's current revenue shall be devoted to operating expenses and how much to permanent improvements.

The total taxes and license collected this year will be greater than that in any other year of the city's history; the revenue has doubled in four years. The advocates of the old apportionment of city government say that it is fit and proper that the city's expenses shall double, too; no one has shown the hardihood to suggest that the tax rate should be raised a bit by way of settling a good example.

This year the fire and park departments are asking for big increases to build and equip new fire houses and to purchase additional land for parks. City Engineer Hamilton has made an estimate that about \$500,000 is needed for immediate improvements in the way of bridges, sewers and storm drains. If substantial progress is made along these lines of permanent improvements there can be no increase in forces or salaries.

But there is an equally insistent demand that the street and police forces be increased materially and that new men be enrolled in the other departments. In the interests of those demands the politicians are unusually busy, the increases are generally secured when a big political campaign is waged. At such times the politicians are organized and in position to play strong card back of each other for new positions.

The estimates of the city's certified accountants will probably point a way to taking about \$500,000 this year for permanent improvements without criticizing the city's financial condition.

The income this year will still be \$400,000 greater than that of two years ago after \$70,000 is asked for these permanent improvements; the conservatives say that the city can run very nicely on that but that will not be so on much smaller amounts this year.

Councilman Healy is taking the lead in advocating more money for current expenses. The Eighth Ward statesman says that Inspector Edwards has estimated the sum of \$600,000 too low in the amount of money necessary to care for the streets this year. "It is because Edwards' term expires the first of January that he makes this low estimate, asking for less than last year," he said. "I believe he will go to the city for three or four years more before he might ask for a greater appropriation."

"Take the people of my ward; they are willing to pay a little more in taxes if they can have the streets cared for properly; now they are as dusty as ever," he said.

Healy says that when the budget comes properly before the Council he will move that \$60,000 be added to the street department's estimate, the money to be used to pay for more men and teams on the streets.

Chief Kern still stands for an increase of at least 100 men for the police department. He says that other cities of our area have two and three times as many men per capita, and that in our residential districts the force is so scattered that the people are almost without police protection. It is impossible for a policeman having the strength of an army to be able to respond to a police whistle from any portion of it.

The aggregate increase asked for in the annual estimates would add more than 300 men to the city's pay roll. The wage department has held fast and which allowed a margin of value is the question which must be settled by the Council when the budget is announced. The Board of Education has taken for granted that there will not be enough money to increase as liberally as the board would like, so it has evolved a scheme by which the Council can raise \$500,000 for the board by means of a special tax outside the charter's dollar limit.

The appearance of the majority of the legislators, as it means more money for the schools, and at the same time for money for velvet. The taxpayers are asked to pay and to hold their peace.

Messages from the underground wires are to the effect that the contest between the economists and the place men this year will be a bitter one; politics is playing a prominent part, and is evidenced by the fact that every Councilman is sticking close to his desk until this is settled.

Those on the inside predict that there will be an increase of about 100 in the number of city employees, and that \$50,000 will go this year for permanent improvements.

LAWYERS PESSIMISTIC.

WANT ASSESSMENTS REDUCED.

Attorneys representing a number of public utility companies and other big corporations went before the Board of Equalization yesterday to ask that their franchise assessments be reduced. They

look on the City Assessor as a kind of Judge Landis, who talks in millions without realizing fully just what he is at.

Most of the petitions are aimed at the franchise assessments; this is a new innovation brought forward by the city within the last two years. It is tantamount to assessing the "good will" of the company. It applies to corporations only. This year requests have been made for reductions totaling \$500,000 in franchise assessments.

Attorney Dunn advised yesterday morning that the Assessor was placing a visionary assessment on the franchise of the Los Angeles Railway Company. The Assessor told him that he had taken into account the value of the company's securities as a basis for reckoning the proper assessment.

Mr. Dunn asked how the Assessor arrives at his estimate of the value of the stock of the Los Angeles Railway Company, as it has no stock on the market. The Assessor replied that he secured from the Interstate Commerce Commission a copy of records showing that E. H. Harriman purchased 45 per cent. of the stock of the Los Angeles Railway Company for \$4,500,000. He took this as his basis for computing the amount of stock investigating and its value.

Mr. Mallard said that Mr. Dunn and the other attorneys were making some arguments that they come before the court, but that they did not go into the matter of principle; he says it has grown into aabit.

Attorney Dunn asked for a reduction in the franchises of the Pacific Electric Railway Company from \$1,000,000 to \$750,000, and for the Los Angeles Interurban from \$1,250,000 to \$450,000, and for the Los Angeles Railway Company from \$4,750,000 to \$2,500,000. He objected to an increase in the franchises of each of these companies over that of last year, saying that there has been no increase in the net revenue.

Assessor Mallard replied that last year the corporations were all assessed to the last cent, that the assessments were "very reasonable." The board took the applications for reduction under advisement.

President Casas made a vigorous effort to secure a \$400,000 reduction in the franchise of the Home Telephone Company.

Deputy Constable W. T. Holman by a jury in Justice Stephens' court yesterday found Sislobo guilty of malicious mischief, was acquitted by a jury in Justice Stephens' court yesterday.

Mr. Casas argued further that the city is assessing the Home company for telephone which it is forced to buy, and that the company is unable to make any money, and that its franchise is a liability rather than an asset.

Rally at Auditorium.

On Tuesday night at a big good roads rally will be held at Simpson Auditorium. A brass band will parade the streets before the hour of meeting and it is hoped to bring together a crowd which will be equal to all the room capacity. It will be the first general good roads rally to be held in this city and the campaign managers feel that it will be a success. It is to accomplish its purpose of interesting voters and awakening them to the necessity for exerting themselves in behalf of the good roads project.

Police Surprise Beautiful Chinese Maiden in Her Boudoir—She May Be Depraved.

After a search of four months, Wing Shee, a pretty maiden, was arrested last night in her dainty boudoir on Marchessault street, where she has been eluding the immigration inspectors. When the officers dropped through a trap door in the ceiling, she fled in terror, but was captured and taken to the Police Station. She will be turned over to the Federal authorities today. About a year ago, Wing Shee was brought into this country by a San Francisco Chinese merchant, who said she was his wife. A short time after he arrived, he sold her for several hundred dollars, and when she was discovered, he fled to Los Angeles, where she had been in hiding. During the time she has been here, it is stated that she seldom left her room except to go up through a trap door in the night time and sit,

PASADENA.

REALTY MARKET NOW IS BRISK.

DEALS INVOLVING LARGE SUMS IN FAVORED QUARTER.

Over Eighty-five Thousand Dollars Represented by Yesterday's Transfers—Local Motorists Pained in Santa Monica Buffers Relapse—Crown City Brevities.

Offices of The Times, No. 8, Raymond Ave., PASADENA, July 21.—Unusual activity in the real estate market, especially in the Orange Grove Avenue district, is reported, transfers yesterday involving over \$85,000 in cash.

H. E. Lockwood, who deals particularly in South Orange Grove Avenue realty, sold the C. C. Bragdon property, adjoining Dr. R. R. Schiffman's new place, on the north, to Benjamin Crawford, for \$25,000. This piece of land has a frontage of 187.18 feet on Orange Grove and 118 feet on, running closer to the Arroyo Seco. The property is unimproved, but Mr. Crawford will put it in flower gardens, lawns and shrubbery, besides erecting a handsome home. He comes to Pasadena after several years of travel, and as a retired business man, having at one time been head of the American Biscuit Company.

The papers, transferring the fine property on the east side of Orange Grove avenue, between Waverly and Baldwin drives, a frontage of 200 feet on each, from Mr. and Mrs. David and Elizabeth A. Hirschard to George W. Stimpson, were filed yesterday. The consideration was \$25,000. Mr. Stimpson expects to improve the property with a large garden, resurface, as he wishes the land adjoining his to compare favorably with the rest of the avenue.

Montgomery Ward has purchased, through the agency of Mr. Lockwood, the property on the corner of his old Madeline Drive. The lot was improved with a small cottage. This will be removed in order that the Ward place may be enlarged. Mr. Ward is making extensive additions to his modern chancery at the corner of Madeline Drive and Orange Grove Avenue, and with this new property will have plenty of space for gardens. Mrs. La Motte, Mrs. Ward, the seller, and the consideration \$8000.

Another sale of considerable importance, announced yesterday, is that by which John R. Miller sold his residence on South Orange Avenue, adjoining Miss Johnson's place, to Harry E. Knowlton of Chicago. The consideration was \$25,000. John McDonald & Co. making the sale.

The house, long known as the "Cobble Oak," is a two-room house of modern architecture, and a very picturesque place. The property extends from Grand Avenue to Arroyo Terrace, and is dotted with trees. The house contains twelve rooms, servants' quarters and laundry.

MUTHERLY POISONED. Now Archie Mossell, son of Jacob Mossell of No. 146 Kirkwood avenue, this city, came to be poisoned is a mystery to his relatives here. He is now in an unconscious condition in a Los Angeles hospital and no clue as to his identity or his mother in Santa Monica has been secured.

On Thursday the young man had a day off from his work as motorman for the Los Angeles Electric Railway Company and made a call on his favorite restaurant west to Santa Monica, where they have been inspecting, making properties owned by Mr. Ludden.

Mrs. B. S. Nichols, who is spending the summer in the East, is now at her home, Cross Point, N. Y.

Miss Dorothy Smith, daughter of Mr. and Mrs. Fred J. Smith, who has been in Europe for the past two years, is expected to arrive home next week.

Frank Bichowsky, son of E. C. Bichowsky, has his summer vacation, tramping with the Sierra Club.

GET GAY BY THE SEA.

Siera Madre Board of Trade Excursion to Alameda Bay Wall Attended.

SIERA MADRE. July 24.—This seashore foothill town "got gay" yesterday and indulged in an outing at the beach. It was the first excursion arranged by the Board of Trade to bring the townspeople together, and proved highly successful. Most of the stores closed their doors for the day. Special cars left this place at 8 a.m. for Alameda Bay. There launch trips, rowing and luncheon were enjoyed. At 1 p.m. the cars left for Long Beach. The boys took possession of the beach, while the women of the crowd and were ably aided by Mrs. W. J. Lawless, Mrs. George Lettuce and others of the Woman's club. The excursionists returned to their homes at 7 p.m. "Fired up" again.

TREES MUST GO.

The trustees, at their regular meeting last night, had the pleasure of meeting more property holders than they had seen in many months. Whether the pleasure was mutual or not is a question. Some say it was not. The taxpayers were there to hear the decision to cut down the trees in the Fourth District. His friends say that Peter Wilson eliminated from the race and they declare that he is certainly out of the race. The changes in the nomination of Neills. The San Pedro candidate is said to be as popular as ever.

The Park Commissioners were discussing of saving these trees, and the majority of the people expressed a like wish, but the Trustees could not concede the point owing to the danger of the boulevard.

This meeting will mean much for the citizens, however, as heretofore no tree will be cut down until after a care investigation and a ruling from the City Attorney. Had the same movement taken place when the sidewalks were put in on Baldwin avenue the wanton destruction of the beautiful trees on that thoroughfare might have been averted.

FUNERAL SERVICES. An innovation in the service at All Saints' Episcopal Church has been arranged for. During the rest of the summer the usual evening service will be abolished in favor of a vesper service at 5 o'clock. Soleos by Harold Ashcroft and George Clark and music by the quartette are to be features for tomorrow's vespers.

MEN UNDER TWENTY-ONE. Local poolroom proprietors have just posted signs on their doors: "Men under 21 not admitted." The signs are proposed to be sarcastic because of the ordinance passed last Tuesday by the City Council prohibiting minors from entering the local poolrooms.

No action taken by the Council in months has caused the men that have followed the adoption of this ordinance. The church people are now determined to get the ban placed on cigarettes.

FUNERAL SERVICES.

This afternoon at 3 o'clock funeral services will be held at the chapel of the Adams, Turner & Stevens Company for Joseph Biedebach, who committed suicide at Laraminda Park Tuesday evening. The remains will be held at 9 o'clock this morning by Coroner Hartwell.

FEW CHANGES IN FIGURES.

The Board of Equalization today denied the application of the Edison Company to declare void the assessment of \$60,000 on its gas and electric franchise. Several corrections on improvements have been made, but in the main there will be little change.

Passengers on the China Clipper

arrived here yesterday morning, having reached Pomona before 9:30 a.m. Today the plane started. The Times always goes to the occasion.

When it was learned that the newspaper train had been taken off, the Times, with its usual progresiveness, arranged for a special electric and automobile express and submarine to take its place. The paper did not expect to improve the property over the year, but the assessments, as he wished the land adjoining him to compare favorably with the rest of the avenue.

It was the first excursion arranged by the Board of Trade to bring the townspeople together, and proved highly successful. Most of the stores closed their doors for the day. Special cars left this place at 8 a.m. for Alameda Bay. There launch trips, rowing and luncheon were enjoyed. At 1 p.m. the cars left for Long Beach. The boys took possession of the beach, while the women of the crowd and were ably aided by Mrs. W. J. Lawless, Mrs. George Lettuce and others of the Woman's club. The excursionists returned to their homes at 7 p.m. "Fired up" again.

TREES MUST GO.

The trustees, at their regular meeting last night, had the pleasure of meeting more property holders than they had seen in many months. Whether the pleasure was mutual or not is a question. Some say it was not. The taxpayers were there to hear the decision to cut down the trees in the Fourth District. His friends say that Peter Wilson eliminated from the race and they declare that he is certainly out of the race. The changes in the nomination of Neills. The San Pedro candidate is said to be as popular as ever.

The Park Commissioners were discussing of saving these trees, and the majority of the people expressed a like wish, but the Trustees could not concede the point owing to the danger of the boulevard.

This meeting will mean much for the citizens, however, as heretofore no tree will be cut down until after a care investigation and a ruling from the City Attorney. Had the same movement taken place when the sidewalks were put in on Baldwin avenue the wanton destruction of the beautiful trees on that thoroughfare might have been averted.

FUNERAL SERVICES.

This afternoon at 3 o'clock funeral services will be held at the chapel of the Adams, Turner & Stevens Company for Joseph Biedebach, who committed suicide at Laraminda Park Tuesday evening. The remains will be held at 9 o'clock this morning by Coroner Hartwell.

Word has been received from the two sisters of Grant L. Devereaux that they will not be here in time for

the funeral, which will be held tomorrow afternoon at 3 o'clock. The young man was instantly killed by striking the pavement on the back of his head, in a street car in a St. Monday morning.

PASADENA NEWS NOTES.

Dr. Charles Beign Scoville will close a successful series of evangelistic services at the First Christian Church tomorrow night.

Mr. and Mrs. Ethan Sheldier walked from Camp Sierra, Mt. Wilson, in eleven hours. The trip is particularly irksome, as the trail crosses Mt. San Gabriel, the highest in the range.

The American Marching Band met

in the evening at the Hotel Colorado street. About fifty were present and a number of new recruits were received.

There are still vacancies to fill.

Over Eighty-five Thousand Dollars Represented by Yesterday's Transfers—Local Motorists Pained in Santa Monica Buffers Relapse—Crown City Brevities.

Offices of The Times, No. 8, Raymond Ave., PASADENA, July 21.—Unusual activity in the real estate market, especially in the Orange Grove Avenue district, is reported, transfers yesterday involving over \$85,000 in cash.

H. E. Lockwood, who deals particularly in South Orange Grove Avenue realty, sold the C. C. Bragdon property, adjoining Dr. R. R. Schiffman's new place, on the north, to Benjamin Crawford, for \$25,000. This piece of land has a frontage of 187.18 feet on Orange Grove and 118 feet on, running closer to the Arroyo Seco. The property is unimproved, but Mr. Crawford will put it in flower gardens, lawns and shrubbery, besides erecting a handsome home. He comes to Pasadena after several years of travel, and as a retired business man, having at one time been head of the American Biscuit Company.

The papers, transferring the fine property on the east side of Orange Grove Avenue, between Waverly and Baldwin drives, a frontage of 200 feet on each, from Mr. and Mrs. David and Elizabeth A. Hirschard to George W. Stimpson, were filed yesterday. The consideration was \$25,000. Mr. Stimpson expects to improve the property with a large garden, resurface, as he wishes the land adjoining his to compare favorably with the rest of the avenue.

Montgomery Ward has purchased, through the agency of Mr. Lockwood, the property on the corner of his old Madeline Drive. The lot was improved with a small cottage. This will be removed in order that the Ward place may be enlarged. Mr. Ward is making extensive additions to his modern chancery at the corner of Madeline Drive and Orange Grove Avenue, and with this new property will have plenty of space for gardens. Mrs. La Motte, Mrs. Ward, the seller, and the consideration \$8000.

Another sale of considerable importance, announced yesterday, is that by which John R. Miller sold his residence on South Orange Avenue, adjoining Miss Johnson's place, to Harry E. Knowlton of Chicago. The consideration was \$25,000. John McDonald & Co. making the sale.

The house, long known as the "Cobble Oak," is a two-room house of modern architecture, and a very picturesque place. The property extends from Grand Avenue to Arroyo Terrace, and is dotted with trees. The house contains twelve rooms, servants' quarters and laundry.

MUTHERLY POISONED.

Now Archie Mossell, son of Jacob Mossell of No. 146 Kirkwood avenue, this city, came to be poisoned is a mystery to his relatives here. He is now in an unconscious condition in a Los Angeles hospital and no clue as to his identity or his mother in Santa Monica has been secured.

On Thursday the young man had a day off from his work as motorman for the Los Angeles Electric Railway Company and made a call on his favorite restaurant west to Santa Monica, where they have been inspecting, making properties owned by Mr. Ludden.

Mrs. B. S. Nichols, who is spending the summer in the East, is now at her home, Cross Point, N. Y.

Miss Dorothy Smith, daughter of Mr. and Mrs. Fred J. Smith, who has been in Europe for the past two years, is expected to arrive home next week.

Frank Bichowsky, son of E. C. Bichowsky, has his summer vacation, tramping with the Sierra Club.

**DEATH A JEST
TO MURDERER.**

INSISTS THAT HIS SENTENCE BE CARRIED OUT.

Prefers Oblivion to Prison Life. Sarabia, Alleged Mexican Revolutionary, Is Out on Bail—Recent Storm Was Million-Dollar Rain, Says Professor.

TUCSON (Ariz.) July 25.—Death is a jest with D. W. Hawkins, under sentence to be hanged in Tucson August 14. He pleaded guilty to the charge of having murdered Albert Leonhardt in this city last December. Though this plea was expected to have some bearing upon the punishment meted out by the court, the sentence of Judge Campbell was the extreme penalty. When sentence was pronounced, Hawkins was asked if he had any statement to make. His answer came quickly: "Nothing, if it is death." Of all the courtroom, the prisoner seemed the least affected by emotion, and he broadly smiled as he was taken below, to be placed under a death watch. His wife, carrying her babe, only a few months old, is busy with a petition asking for commutation of the sentence to life imprisonment, many signing books of pity for her sake. The child, Bat Hiltz, is the wife's name of this. He has written Gov. Kilby a strong letter, asking that the sentence of the court be carried out, as he prefers death to prison.

Hawkins takes freely of most of his past history, except of a great crime in which he says he was involved, the details of which he will confess only to a priest. He tells that he has been a father of nine children, that he knocked down the train conductor on the Tucson street railroad, and that he spent two years in the Folsom, Calif., penitentiary for robbery. Yet he is only 22 years old. His relatives in Tucson are anxious to have him go to them, but she insists on remaining in Tucson till hope shall have ended. Hawkins insists that Metzler, who was discharged by a jury last week on a charge of malice of the Leonhardt murder as being Metzler having done the actual robbery.

SUSTAINED BY RELIGION.

Honorable J. Groce, the negro hangs here last Friday for the murder of his wife at the Tucson railroad depot last November, went to his end with a fortitude that was not expected sustained even by religious faith. He had embraced the Roman Catholic faith, and had received communion from the scaffold by Father Timmermanns. About the only utterance made by the negro as the straps were being placed was: "My, isn't it awful to die this way?" Groce belonged to a colored benevolent organization, which made every possible effort to secure commutation of the sentence. The matter was deeply considered by Gov. Kilby, who finally declined to interfere, as an error of law would have been committed in doing or any material mitigating circumstance. The repeated charge made by the prisoner that his wife had deserted him for a Pullman porter was not established in the evidence.

SARABIA GETS BAIL.

Manuel Sarabia, the alleged Mexican revolutionary, charged with murder in Mexico and held pending possible extradition, has been released on \$500 bail, after a jail experience lasting since June 26, 1927. He was brought to Tucson from Los Angeles May 8. His case is to be heard at the next term of the District Court.

Something like the Mayhew case, lately settled in Phoenix, is the suit of Cipriano de Shepherd against J. F. Shepard, a prominent mining man, with large interests in the state. It is a suit of a common law marriage, for \$150 a month alimony and \$600 counsel fees. Her complaint alleges that she and Shepard agreed to live together as man and wife. Decree was issued in 1899. She asserted that such relation existed between them for a period of years, to them being born a boy, aged 2 years, and a girl, now 3 years old. Lawyer defendant has had no time to contribute to the woman's support, and she has been obliged to support herself and the children by her work.

BILL GAVE HIM AWAY.

William Douglas will await the assembling of the next grand jury as a guest of the sheriff, being unable to serve as a witness in the trial. After serving two years for the theft from the Mesa postoffice of a registered package, containing \$1500 in bills, he spent the money in the City of Mexico in dissipations, and contracted syphilis and surrendered himself at Phoenix, so that he might be sent to prison and there receive proper medical care. Going through Tucson, after discharge from jail, he claimed to have been broken open the cash drawer at the depot, securing loot of \$300, including a \$100 bill. He deposited a bill of this denomination in the Bank of a cursive signature which led to his arrest.

MILLION DOLLAR RAIN.

According to Prof. Thorburn of the University of Arizona, the late storm was a "million dollar rain." At the university over two inches fell, though nearly twice that record was shown nearer the mountains. Much damage was done by flood feet. For Lowell, where one man lost five thousand dollars in his business, the woman's support, and she has been obliged to support herself and the children by her work.

TO REBUILD RAILROAD.

The Sonora Railroad, from Nogales to Guaymas, is to be rebuilt for its whole length of 380 miles. A concession has just been granted by the Mexican government, which will be duty will be charged upon importation of material for this purpose, including steel rails, structural iron for bridges, etc., the only stipulation being that the work must be finished within three years.

It is believed that the improvement will be carried further, in the building of a direct line from Nogales to Tucson, down the Santa Cruz River, to handle the west coast business of the Mexican road now being built to Guadalajara.

Forty men have been put back at work in the local Southern Pacific shops, and more are being added. Six eight-hour days a week is the new schedule.

HONEYMOON IN AUTO.

United States Marshal Benjamin F. Daniels was married in Tucson Saturday to Mrs. Eva S. Scarry, late of Terre Haute, Ind., who came here a few months ago, engaged to teach in the local schools. The couple had their honeymoon in an automobile trip to Arizona, and the man has given his bride a week's vacation to themselves. They have just returned to the Marshal's home on South Fourth avenue.

CHAPTER XXVII.—(Continued.)

More clumsy management could not have been displayed and at length I saw a more serious moment. I had all but laid her on her beam ends. He lowered the sail altogether and took to the heavy oars.

I could see that he was alone in the boat, and almost as unskillful with the oars as he had shown himself with the sail. He was heading for the mainland, but his chances of reaching it were very poor. And as we were churning the tips of the waves into an angry foam were poor enough.

The fool could be baffled me. The wilder chop on the island could not manage the boat better than he was doing, and that Beltano should have trusted himself in the charge of such a man was as inexplicable as that he should have left him away when Masita rushed out.

Agape followed close on her heels and then Molta turned and together they swam toward the house.

The next instant, my blood on fire, I was leaping down the rickety stairs to the water to meet him in the business.

Presently my attention was taken from the boat by an incident at the farmstead. Pepita came out wringing her hands and hurried in the direction of the door of the farmstead and, catching sight of Agape, turned and called to some one within. The next moment Agape rushed out and ran after Pepita and rushed back again to the door of the farmstead and, catching sight of Pepita, turned and called to some one within. It is plain that my first surmise had been wrong. He and Molta were not discussing me. Where could he be?

"What could this strange inactivity before?" As a rule he was a man of action, and I knew that he should daily in this fashion was almost incomparable. What was I to do about it? I was entirely at a loss.

Pepita's action suggested that something was on foot in the farmstead, or some other of the men, and that the others had discovered her and prevented the attempt. That was the meaning of the boat I had seen and the reason for the clumsy handling of it. He was about as capable of sailing a boat in dirty weather as a puppy.

Beltano had not returned after all, and it had been the boat with these two in it that had been mistaken for his. With him still absent, I had nothing to do but leave him to his fate.

"Beltano is not on the island, signorina."

"But Molta has told me that he is still coming to me."

"He will," was the reply, sharply spoken.

"But how can he when he is not on the farmstead from the back, and finding the door locked forced one of the windows to open?"
